I recently asked some of the members that have been with my membership for three years - Why they keep renewing year after year? Check out one of the responses submitted below.

From one of our 4 year members her's what she had to say.

Hello, my beautiful!

Here are my answers to your questions:

Why do you go there every day?

Because it is a perfect way to start my days, sometimes when I feel not aligned after I listen to your post, Once I release and surrender what is out of alignment within me I feel much better. I do feel better each time!! And it is my principal source of what is going on and to be in touch with the spiritual part of me that I can not discuss with everyone.

Why is it helpful to you?

My best friend and a really old friend of mine (50 years since we first met!!) told me last month that she noticed a difference throughout the years since I am part of your membership. She loves to discuss this with me and be with me because she can feel I am growing spiritually.

I feel myself becoming more and more confident with every action I take. That is a big point!!!

Why would it be helpful for others?

You cannot imagine all the invisible impact you have, Kornelia. All your work will be profitable for all future generations. You have such a big library for people to discover! And you cover such a broad range of different points to look at, that it makes it impossible for someone that looks at your work, who does not find something relevant to their life.

How does it make you feel?

I feel secure Biiiig Tiiiime!!

There are a lot of "sentient" people we could follow, a lot of material that we could pay attention to, but for me, I really must sort because I know there are too many. But at the same time, it is ok because there are a lot of different needs for a lot of different humans. And with a lot of different levels and types of growing. So, I go with my feelings. I fell in love with your daily messages!!

The circumstances were that my mother just passed away, and I sold my condo within a week, and I found you while moving to Kirk's apartment, because I had nothing else to do than to think about my future!

And you helped me so much! I can tell you--- I remember how I felt that year 2015 (energetically I mean) and where I am now. WOW, what a trip!

So, whoever reads you, and listens to the daily audio messages
It sure makes a difference.

.....it...makesyougrow.

With all my love!
