One of the many things I love about hosting and co-hosting my radio podcasts is that we are anchoring in the new energy on earth and I love collaborating with Leading Edge Entrepreneurs who are playing big. I love creating beautiful, nourishing spaces for the soul to thrive and flourish beyond the human condition of our past. When I started podcasting, I was always very clear to seek-out the upcoming superstars who are out there in the world serving humanity. **And now after 157 shows, and over 300 video's on youtube I have my first real live celebrity on the Kornelia Stephanie show.** Even though I believe all my co-host and guests are celebrities, Sir Jack Canfield is well-known throughout the world.
