

**Hi Friends,**

When I feel into the collective fear, many people are feeling these feelings but are not doing anything about it.

Why feel it if you don't have to? We have to clean house. We can be free of walking around with such with such distractions of energy when we know how to transcend it.

***This Saturday at 11AM PST I am offering a Free Webinar*** to be Free of Fear. You may be wondering what kind of fear. I made a list below of the areas we will be clearing.
