EXPLORING ALL WAYS TO FIND
GREATER PEACE AND HARMONY - NOW

SATURDAYS @ 9AM PST / 12PM EST

Hi Friends,

Join us every Saturday Morning from 9AM to 10:30AM PST

Use the following link to connect: <https://zoom.us/j/547738969>

The Light Within.

We will be bringing the religion of True Freedom & Self Awareness through Radical Self-Love.

Our focus each week is on unconditional love for the self.

"Only spiritual consciousness - the realization of God's presence in oneself and every other living being - can save the world. I see no chance for peace without it. Begin with yourself. There is no time to waste. It's your duty to do your part to bring God's Kingdom on Earth" -Paramahansa Yogananda

In today's world with so much change happening, choosing love while being faced with challenges is a practice. The face we turn to our own unconscious is the face we turn toward the world.

Carl Jung says "it's a psychological law that what we will not suffer inwardly through conscious recognition of our shadow, we will suffer outwardly as a result of our unconscious projections into the world around us". He thereby gives people the most awesome charge that they can possibly receive throughout their lives: the withdrawal of their projection upon others, and dealing with their own shadow themselves.

You create your own reality by the choices you make moment to moment. Knowing what our global core values are, like living in freedom practicing compassion, kindness, and offering forgiveness when first lived and practiced within that love has the power to ripple out into communities and the world uplifting all it touches. **The easier you become with reality, the more your reality becomes easier with you.**

This group is about New Thought, Unconditional Love, The Faith Within, and exploring all ways to find greater peace and harmony- NOW. #EckartTolle #CarlJung #Buddhism #Indigenous #Christianity#Hinduism #Spirituality, #HigherConsciousness #SelfRealization #innerpower #simplelife #authentic #staytrue&honest #fillyourowncup
