

Hi Friends,

2020 has not been easy, with its many curveballs and rejections! As entrepreneurs, we consistently need to pivot, and to take risks in order to stand out and market our businesses.

I work with many Entrepreneurs. They hire me for strategy sessions for their businesses.

They hire me to position them as "Thought Leaders". I assist them in leveraging their podcasts and/or video marketing in order to grow their brands.

People strive to live in financial freedom, including location freedom, and also to become 6-figure earning entrepreneurs.

For them to do that, they have to be willing to take risks. I have found that we all have so much in common; like create a livelihood for ourselves that is deeply rewarding and financially satisfying. Living in financial freedom and location freedom is

***THE VISION.* Being true to The Vision takes time. It takes grit, and most of all, it takes perseverance.**

When Success Feels Easy With Christelle Biiga and Special Guest Danielle Fournier

It's a common belief that money and spirituality don't go together: If you're spiritual, you shouldn't want money. People who want money are greedy and materialistic. Money is the root of all evil. How true are those statements? Is it possible to be spiritual and be wealthy? Can money and spirituality be mixed?

I Champion Humanity's Sovereignty!

...to be the authority over one's own life as an empowered creation.

As an Intuitive Transformer, I help people to shift any of their past limiting beliefs, to collapse their old patterns, and to hold them accountable in changing any habits that may keep them stuck. That way, they can develop new habits that are nourishing and good for their bodies and souls.

My Specialty is Emotional Mastery

This entails knowing how to process emotions. By healing the core wounding of our personal pain, we are able to move into liberation and be emotionally honest. By becoming free of our past this gives us all the ability to step into the Truth of our Being; to come home to self-realization and remembering ***Who We Are!***

Private Sessions with Kornelia Stephanie The Expansion of your true self, is taking a risk now to be more in your fullness. Are you ready to live in your authentic expression and to heal your life and your body, falling deeper in love with who you are?
